MBA585 Managing in the Nonprofit Sector (3 cr) – The nonprofit sector is an important contributor to the nation's and the state of Idaho's economies. Nearly 6000 charitable nonprofits in 42 of 44 Idaho counties play a vital role in serving citizens and communities. This course examines management issues that are pertinent for effective management and leadership across the different types of organizations in the nonprofit sector. Leadership and governance, ethics, and volunteer management topics are connected to organizational effectiveness.
