Novels for Radical Political Economy

All of the following books use an alternative political economy as either an integral background or central part of the story. There are, needless to say, other books that you might consider. If you decide to do a paper on a novel, just make sure there is enough “meat” to write the necessary 10-12 pages.

The Dispossessed – Ursula LeGuin

Star Fraction – Ken MacLeod

The Stone Canal – Ken MacLeod

The Cassini Division – Ken MacLeod

The Sky Road – Ken MacLeod  (The four MacLeod books are collectively known as The Fall Revolution.)

The Moon Is a Harsh Mistress – Robert Heinlein

Beggars In Spain – Nancy Kress

Voyage from Yesteryear – James P. Hogan

The Syndic – C.M. Kornbluth

The Probability Broach – L. Neil Smith

1984 – George Orwell

Animal Farm – George Orwell

The Peace War – Vernor Vinge

New America – Poul Anderson

Brave New World - Aldous Huxley

The Handmaid's Tale - Margaret Atwood

Fahrenheit 451 - Ray Bradbury

Circus World – Barry Longyear

The Naked Sun – Isaac Asimov
