Guest Speaker

Ken Wiley

VP of Information Systems & Technology

Cradlepoint, Inc.

kwiley@cradlepoint.com

Ken leads Information Systems and Technology for Cradlepoint. He has been helping businesses in the Northwest make good technology decisions for over 30 years.

His first job out of college was with Arthur Andersen & Co. in their Management Information Consulting Division where he brought solutions to a wide variety of clients including; JR Simplot Company, Lamb-Weston, Boise Cascade, Trus Joist MacMillan, Weyerhaeuser, SEH America, Precision Castparts, Avia Shoes, Red Lion Hotels and Inns, Central Point Software, Merix, McCaw Communications [ATT]. In 1996 he moved back to Boise to work for Trus Joist MacMillan as their Director of Information Technology. Following the acquisition by Weyerhaeuser, Ken transitioned to marketing where he led the development of products, software and services. Since 2010 Ken's been working with companies in the Northwest who need to get things done.

Ken is married with three wonderful kids. He holds a BS in Industrial Engineering from Oregon State University and an EMBA from Boise State University. He sweated his way to a black belt in Taekwondo, 2nd Dan, is a former stroke and turn official, and past advisory board member for BSU's department of Mechanical and Biomedical Engineering and department of Information Technology and Supply Management.

On the side Ken dabbles in startups: Command Trends, LoanTek, Vega Performance Marketing, LeadSCORZ, Cloudability and Talloo.
